

Courage in Time

Scent Cloth Donations

Scent cloths, also known as bonding cloths, are made to help ease stress through the sense of smell for both the parent and the baby. These donations will be given to local NICUs to help new parents and fragile babies bond via scent. The parent and baby each wear one next to their skin to absorb scent and share with each other.

Scent cloths are:

- Made in a set of 2
- Must be made from 100% cotton flannel fabric
- Any shape, pattern, and colors are acceptable
- Size must be approximately 5 inches x 5 inches
